SONIC HEALTH SOLUTIONS

EFFECTS OF: SONIC HEALTH SOLUTIONS (WBV) WHOLE BODY VIBRATION SYSTEMS

Increases and improves

- Balance and co ordination
- Bone mineral density and dispersion
- Cell's oxygen level
- Circulation of blood and lymphatic system
- Energy and endurance
- Flexibility and elasticity
- Natural healing response
- Nutrition uptake
- Strength and performance

Reduces

- Cellulite
- Cortisol
- Fatigue
- Fat mass
- Pain
- Recovery time
- Stress

Before any exercise on a Sonic Health Solutions Machine

This picture clearly shows unhealthy cells acidified, lumped and stuck together.

After only 10 mins of passive exercise on a Sonic Health Solutions Machine

The cells become independent and alkalized and begin to carry nutrition and increase energy levels.

After only 5-10 mins of rest after passive exercise on a Sonic Health M/c

The cells separate from each other and become more alkalized, so deliver nutrition and energy significantly easier and more effectively.

BENEFITS

- Our bodies accumulate and try to process cellular stress, chemicals, food additives and toxins etc, during our lifetime.
- This can progressively slow down our bodies' ability to stimulate our critical lymphatic system, process fluids and re-charge our (so called) cellular batteries, as this process is continuous and body fluids stagnate, increasingly poor health becomes the natural progression over time.
- Sonic Health offers a solution that can help provide :
 - A highly effective passive non strenuous exercise in a short time to each of our bodies' (in the region of upto 100 trillion) cells.
 - The facilitation of oxygen uptake potential,
 - Safe and controlled vertical stimulation uniquely produced by sound waves.
 - The stimulation of lymphatic circulation,
 - The release of cellular trauma, including a host of other impressive benefits.
